1. A new shipyard for the construction of transport barges is being built on an island located approximately 1.5 km. from the port of Kozle and 4 km. from the town of Kozle (P51/X98). Construction of this shipyard is being done by the State Enterprise Polska Zegluga na Ordze (Oder River State Navigation Company).
 2. It is planned that the new shipyard will be capable of building 40 barges of from 500 to 600 tons each at the same time. The slips will face the Odra Stara River.
 3. A former German shipyard consisting of one slip and wooden buildings is still in operation on the island. Repairs at this yard can be made on four barges at once.
